## International Meeting on Colorectal Surgery

# IIIrd Colorectal Talks

**October 30-31 2025**

Hospital de Braga  
Sete Fontes - São Victor  
4710-243 Braga PORTUGAL

### DAY 1 - 29<sup>th</sup> OCTOBER 2025

#### Free Papers Session

Chairmen: *Alfredo Estevez, Ana Isabel Guerreiro, Fang, Paulo Candelária*

#### Pre habilitation and rehabilitation Symposium

Chairman: *Paula Rolim*

### DAY 2 - 30<sup>th</sup> OCTOBER 2025

#### Dedicated to pelvic pain and pelvic floor dysfunctions with sessions about

- Pudendal neuralgia
- Surgery of pudendal nerve
- Surgery of pelvic organs prolapse
- Fecal incontinence
- Obstructed defecation syndrome

**09:00 - 11:00**

#### Session 1 - Fecal incontinence

Chairmen: *Ismail Shafik, Pasquale Giordano, João Pimentel*

Actual role of sphincteroplasty, *Sthela Regadas*

Puborectal flap for reconstruction of anal sphincter, *António Longo*

Fascia Lata flap for fecal incontinence, *Ali Shafik*

SNS, concept, technique step by step and results, *Lucia Oliveira*

The tibial posterior nerve stimulation, is a good option, *Julio Castillo*

Organization and protocols for fecal incontinence and obstructed defecation, *José Vicente Roig*

**11:00 - 11:15**

#### Opening Ceremony

**11:15- 11:30 Coffee Break**

**11.30 - 13:30**

#### Session 2 - Obstructive defecation syndrome and POP

Chairmen: *António Longo, Susana Costa, Joseph Nunoo-Mensah*

How do I study this patients, *Giulio Santoro*

My approach to internal rectal prolapse, *J Costa Pereira*

POP, my choices of techniques, *Pasquale Giordano*

Rectocele is an isolated condition of ODS? *Isabel Marques*

POP and urinary symptoms, how to deal with this? *El Merchi Mostafa*

Clinical approach to animus, *Clara Ferreira*

**13:30 - 14 .00 Lunch**

## International Meeting on Colorectal Surgery

# IIIrd Colorectal Talks

**October 30-31 2025**

Hospital de Braga  
Sete Fontes - São Victor  
4710-243 Braga PORTUGAL

**14:00 - 16:00**

### Session 3 - Pelvic pain

Chairmen: *Ilario Froehner, Tekkal Malik, Ana Sofia Pacheco*

Pudendal Neuralgia an overview, *Ismail Shafik*

Pudendal neuralgia in question in 2025, *El Merchi Mostafa*

Laparoscopic release of pudendal nerve - technique step by step, *Abdelfettah Tadlaoui*

Role of the rehabilitation physician from diagnosis to treatment of pelvic pain, *Mervat Sheta*

Medical treatment of chronic pelvic pain and radio frequency, *Cristina Midões*

**16:00 - 16:30 Coffee Break**

**16:30 - 18:30**

### Session 4 - The difficult conditions

Chairmen: *Jorge Ortiz, Sérgio Regadas, Enrique Casal*

How to approach the constipation, rational of pharmacology, *Suyanne Xerex*

The difficult rectal emptying after surgery for ODS, *Pasquale Giordano*

How I select the techniques for prolapsed circular haemorrhoids, *Pasquale Talento*

Surgery for POP recurrence, *José Vicente Roig*

Puborectal syndrome after surgery of POP, *Mervat Sheta*

My approach to LARS, *Ilário Froehner*

## DAY 3 - 31<sup>st</sup> OCTOBER 2025

### Dedicated to rectal cancer and robotic surgery with sessions about

- How I do it Total mesolectal excision, rectal mobilization
- Splenic flexure mobilization
- Colorectal anastomosis
- Robotic Tamis
- Robotic Instrumental
- Teaching programs on robotics

**08:30 - 10:45**

### Session 5 - Robotic Proctectomy video session, How I do it - from port placement to instrumental and technique of proctectomy and splenic flexure mobilization

Chairmen: *Carlos Costa Pereira, Enrique Moncada, Jorge Costa*

*Eloy Espin*

*Armando Melani*

*Philippe Rouanet*

*Narimantas Samalavicius*

*António Arroyo*

**10:45 - 11:00 Coffee Break**

Hospital

## International Meeting on Colorectal Surgery

# IIIrd Colorectal Talks

**October 30-31 2025**

Hospital de Braga  
Sete Fontes - São Victor  
4710-243 Braga PORTUGAL

**11:00 13:00**

### **Session 6 - My challenges initiating robotic surgery of rectum (Teaching program and logistics)**

Chairmen: *Sthela Regadas, Alberto Parajó, Marco Marino*

*Enzo Vigorita*

*Sérgio Regadas Filho*

*Carlos Costa Pereira*

*Eloy Espin*

*Joseph Nunoo-Mensha*

*Vitaliy Poylin*

Operating room logistics *Nuno Ferreira*

**13:00 - 14:00 Lunch**

**14:00 15:45**

### **Session 7 - Rectal reconstruction (colorectal anastomosis after proctectomy)**

Chairmen: *Sthela Regadas, Nuno Vilela, Carlos Pereira*

*Vasil Bintintan*

*Philippe Rouanet*

*Armando Melani*

*Marco Marino*

**Coffee Break 15:45 16:00**

**16:00 18:30**

### **Session 8 - Rectal Cancer**

Chairmen *Narimantas Samalavicius, Joseph Nunoo-Mensah*

Is it really useful the AI in screening colonoscopy? *Miguel Mascarenhas Saraiva*

Approach to early rectal cancer, *Viorel Scripcariu*

Support of pelvic bottom after pelvic surgery, *Christian Petkov*

Lateral pelvic lymphadenectomy, robotic technique, *Armando Melani*

Robotic Tams, *Alberto Parajó*

Single port robotics, *Emre Balik*

The role of extensive palliative surgery in the treatment of advanced cancer, *Miroslav Levy*
